

"Drawing is the root of everything." - Vincent Van Gogh

Our 3<sup>rd</sup> and 4<sup>th</sup> grade artists have been talking about the importance of lines in art. They are expanding their art vocabulary and learning the meanings and importance of contour lines, hatching and cross-hatching lines, line weight, line quality, and being good observers.

Our artists were shown examples of art work from Leonardo da Vinci, Rembrandt Van Rijn, Vincent van Gogh, and Janet Fish and asked to observe the ways these artists used lines in their art. They are now creating their own art pieces using their favorite stuffed animal as their main subject !
