

ipad Mystery Project due 2/12/2020

This month students will read a mystery chapter book. Remember all books need to be approved prior to reading. Once you have read the book, please complete the ipad following the directions below.

1. Add a title to the top of your ipad, it could be as simple as **imystery**.
2. On the first icon write the title and author of the book, along with your name
3. The second icon will be the setting of the story (when and where)
4. Third icon is a description of the main character(s)
5. Fourth icon should be the problem of the story, what is the mystery?
6. The fifth icon is for the clues that were collected as the characters were working on the mystery
7. Lastly, the sixth icon is the solution, how was the mystery solved?
8. You will then cut each icon out, fold them, and glue them onto the ipad so they flip up. Be sure to add a picture with color on the front to look like a real icon. See the example below.
9. All parts should be written in complete sentences and your neatest cursive or printing. You may also type them and glue them on.
10. Remember neatness and spelling always count.

Any questions feel free to contact me. Enjoy!
