

Summer Work
First Grade
2020-2021
Mrs. McManus

Welcome to First Grade!

My name is Shauna McManus. I cannot wait to be your child's first grade teacher! Over the summer I would like your child to practice their reading and math in preparation for first grade!

Math Work:

1. First grade focuses on fact fluency to 10. It will surely be an advantage to your child if they come into first grade knowing their facts. Therefore please practice math facts for a recommended time of five minutes daily. Focus on one set at a time beginning with $0+1$, $0+2$, $0+3$, etc. Once your child has mastered those facts to 10 move onto $1+1$, $1+2$, $1+3$, etc.

Reading Work:

1. Reading work consists of practicing first grade sight words for a recommended time of five minutes daily. You will start with a few words at a time and wait until your child recognizes them without errors before adding more in. Try writing them on notecards and making a game of it! This will greatly help their reading fluency!
2. School is out reading challenge! Please read 2-3 books weekly while marking the reading challenge activity calendar. Have your child keep a list of books read and take a picture doing one of the challenges to bring me in the fall!

Feel free to study math facts & sight words for longer than the recommended five minutes. Please do not worry if you miss a day! I hope you all enjoy your summer! It is greatly deserved! Please reach out with any questions or concerns!

Thank you!
Shauna
