

June, 2022

Dear TCA 5th grade students,

For your summer math work you will need to log in to Reflex 3 times a week and fill in the green circle each time. To log in under my class, you will need to use the username: cgalvinhill. You will then need to select 5th Grade and find your name. Your password is the same as the one you used this year in 4th grade.

Have a great summer!

Ms. Galvinhill
